# NANOMATERIALS FOR AEROSPACE AND DEFENCE:

## Applications, Issues, Trends and Practices

★ **Webinar Part 1: March 27, 2012**

Introduction to Nanotechnology, Overview of Needs of Aerospace and Defense Industries and Applications of nanomaterials.

★ **Webinar Part 2: March 28, 2012**

Case Study of Nanomaterial applications (issues relating to moving a nanomaterial out of the laboratory and ultimately into an application on a spacecraft), and Scale-up and Qualification (elements required to scale up and qualify a nanomaterial or a nanomaterial enabled device for flight).

★ **Webinar Part 3: March 29, 2012**

Look to the Future (A look at where nanotechnology is headed within the next thirty years)
